THE PASTURE SIZE and THE LIVESTOCK BOOK

These valuable books were written by W. R. Thompson, Extension Pasture Specialist, State College, Miss. He is a real authority on building good pastures and on livestock. Mr. Thompson is in much demand as a speaker before agricultural groups. His books give much useful information and pictures. The Pasture Book has been so popular that there have been 10 editions since 1949. The Livestock Book came out recently. Every farmer should have these books. Order from us today. Each book costs $3.50. Postpaid Price (plus 11c Sales Tax in Ala.) $3.50

2. 4-D AMINE WEED KILLER

1 gal cans (6 to case) $4.80; 5 gal drums @ $4.60 gal

2.4-D—2.45-T ESTER BRUSH KILLER

1 gal cans (4 to case) $9.80; 5 gal cans @ $9.60 gal

This grass is extra popular for grazing and hay. Ask for our sheet giving general information and planting and fertilizing recommendations. Feb. 15 to April 15 is generally regarded as the best and safest time to set out stolons or sprigs of Coastal Bermuda. We are digging now—when the ground is dry enough. Use 5,000 stems per acre. 2500 stems per bale. About 75 lbs. of hay. About 1,000 heads and 1,000 stems of hay. Make arrangements with us before sending trucks. Prices 1,000 stems 4.60 lb. here are $1.00 M. Bales or bulk on your truck here $1.25 M. (2,000 to 4,000 sprigs packed in wet sawdust for express shipment are $1.75 M; 5,000 up to a bale, $1.50 M.)
